

Continuing Professional Development changes factsheet

**General
Chiropractic
Council**

We will shortly be introducing a new form for you to fill in for the current CPD year and subsequent years.

In the meantime please keep a note of your learning activities, dates, number of hours and why you undertook the learning activity. You will need to reflect on your most significant learning activity and we will provide guidance on how to do this.

WHAT'S DIFFERENT?

We have made some changes to the CPD summary that mean:

- you will provide some reflection around your most significant learning activity
- you will provide the summary in a new online portal
- the form will be clearer and simpler

WHAT'S THE SAME?

You will still need to make sure you complete any learning activities between 1 September and 31 August each year.

Also, the basic building blocks of the CPD scheme remain the same, so you will still need to:

- complete a CPD summary annually
- undertake at least 30 hours of learning activities, including 15 hours with others
- provide details of your learning activities

IMPORTANT DATES FOR THIS YEAR

31 August – End of the CPD year

This is when you must have completed all of your learning activities. However you not be able to record these yet. We will of course not penalise you for this.

Mid/ late October – Start of retention and CPD reporting period

This is when the new online portal for registrants will be available, so you can complete your CPD and also retain on the register. We will let you know when the form is available to complete.

30 November – End of retention and CPD periods

Both your retention application and CPD summary must be completed before this date. If not we will need to send you a final warning notice, giving you 14 more days.

15 December – End of notice period

If you haven't completed both your retention application and CPD summary we will take your name off the register.
