(4) For the purposes of subsection (3), no account shall be taken of any work done by the applicant before the beginning of the period of seven years ending with the opening of the register.

(5) For the purposes of subsection (3), the question whether the applicant has spent any part of his working time in the lawful, safe and competent practice of chiropractic shall be determined in accordance with such rules (if any) as may be made by the General Council.

(6) The General Council may by rules provide for treating a person who—
   (a) has obtained a qualification in chiropractic outside the United Kingdom,
   (b) does not hold a recognised qualification, but

4 Conditional registration.

(1) Subject to the provisions of this Act, any person who satisfies the conditions mentioned in subsection (2) shall be entitled to be registered as a conditionally registered chiropractor.

(2) The conditions are that the application is made in the prescribed form and manner during the transitional period and that the applicant—
   (a) has paid the prescribed fee;
   (b) satisfies the Registrar that he is of good character;
(c) satisfies the Registrar that he is in good health, both physically and mentally;

   (i) the prescribed test of competence; or
   (ii) such part of that test as the Registrar may specify; and
(f) gives the required undertaking.

(3) In the application of subsection (2)(d), in relation to any person, no account shall be taken of any work done by him before the beginning of the period of six years ending with the opening of the register.

(4) The General Council may by rules provide for the conversion, in prescribed circumstances and subject to the chiropractor concerned complying with such conditions (if any) as may be prescribed, of conditional registration into full registration.

(5) Unless it is converted into full registration in accordance with the rules, any conditional registration shall cease to have effect—
   (a) at the end of the period of five years beginning with the opening of the register; or
   (b) where a shorter period has been specified by the Registrar in accordance with subsection (10) in relation to the chiropractor in question, at the end of that shorter period.

(6) In dealing with an application for registration made during the transitional period by a person who—
   (a) cannot meet the requirement of subsection (2)(d), but
   (b) has a qualification in chiropractic which, while not being a recognised qualification, has not been refused recognition by the General Council,
the Registrar shall refer the matter to the Education Committee.

(7) Where a reference is made to the Education Committee under subsection (6), it shall be the duty of the Committee to advise the General Council.

(8) If, after considering the advice of the Education Committee, the General Council is satisfied that it is appropriate to do so, it shall direct the Registrar to disregard subsection (2)(d) in relation to the application in question.

(9) For the purposes of subsection (2)(d), the question whether the applicant has spent any part of his working time in the lawful, safe and competent practice of chiropractic shall be determined in accordance with such rules (if any) as may be made by the General Council.

(10) In this section—
    “required undertaking” means an undertaking that the person giving it will, before the end of the period of five years beginning with the opening of the register or such shorter period as the Registrar may specify in relation to the applicant—
(a) complete such additional training and acquire such experience as may be specified by the Registrar in accordance with rules made by the General Council; and
(b) comply with such other conditions (if any) as may be imposed on him by the Registrar in accordance with such rules; and

“transitional period” means the period of two years beginning with the opening of the register.

(11) Rules made by virtue of paragraph (b) in the definition of “required undertaking” in subsection (10) may, in particular, provide for the Registrar to be able to impose, as a condition, the passing of a test of competence specified by the Registrar.

5 Provisional registration.

(1) The General Council may make rules providing for all applicants for registration who are entitled to be registered with full registration, or all such applicants falling within a prescribed class, to be registered initially with provisional registration.

(2) Before making any rules under subsection (1), the General Council shall take such steps as are reasonably practicable to consult those who are registered chiropractors.

(3) The General Council may by rules provide for the conversion, in prescribed circumstances and subject to the chiropractor concerned complying with such conditions (if any) as may be prescribed, of provisional registration into full registration.

(4) Unless it is converted into full registration in accordance with the rules, any provisional registration shall cease to have effect at the end of the period of one year beginning with the date on which it is entered in the register.

(5) A provisionally registered chiropractor shall not practise chiropractic except under the supervision of a fully registered chiropractor who is approved by the General Council for the purposes of this subsection.

(6) The General Council shall maintain a list of those fully registered chiropractors who are for the time being approved by the Council for the purposes of subsection (5).

[F5A. Temporary registration for visiting chiropractors from relevant European States

(1) This section applies to an exempt person (“V”) who is lawfully established as a chiropractor in a relevant European State other than the United Kingdom (“State A”).

(2) Subsection (3) applies if V has the benefit of regulation [F12] of the General Systems Regulations in connection with the provision by V of services as a chiropractor in the United Kingdom on a temporary and occasional basis (V having complied with any requirements imposed under Part 2 of those Regulations in connection with the provision by V of services as a chiropractor).

(3) V is entitled to be registered as a temporarily registered chiropractor; and the Registrar shall give effect to the entitlement.
(4) If V is entitled under subsection (3) to be registered as a temporarily registered chiropractor but is not registered with temporary registration, V shall be treated as being registered with temporary registration.

(5) V’s entitlement under subsection (3) ceases if V ceases, whether as a result of the operation of regulation [F824] of the General Systems Regulations or otherwise, to have the benefit of regulation [F912] of those Regulations in connection with the provision by V of services as a chiropractor in the United Kingdom on a temporary and occasional basis.

(6) If—

(a) V’s entitlement under subsection (3) ceases by reason of the operation of subsection (5), and

(b) V is registered as a temporarily registered chiropractor,

the Registrar may remove from the register V’s entry as a temporarily registered chiropractor.

(7) Subsection (8) applies if—

(a) V’s establishment in State A is subject to a condition relating to V’s practice as a chiropractor,

(b) V is registered as a temporarily registered chiropractor, and

(c) for any of the purposes of this Act it falls to be decided whether V is or may be guilty of unacceptable professional conduct.

(8) The matters that may be counted as unacceptable professional conduct include (in particular) any act or omission by V during the course of the provision by V of services as a chiropractor in the United Kingdom on a temporary and occasional basis that is, or would be if the condition applied in relation to practice as a chiropractor outside State A, a breach of the condition.

(9) In subsections (7) and (8) “condition” includes limitation.

(10) Subsections (1) to (6) are not to be taken to prejudice the application, in relation to temporarily registered chiropractors, of any other provision of this Act under which a registered chiropractor’s name may be removed from the register or under which a registered chiropractor’s registration may be suspended.

(b) any of its committees.
(5) Where a visitor visits any place or institution, in the exercise of his functions under this section, he shall report to the Education Committee—
(a) on the nature and quality of the instruction given, or to be given, and the facilities provided or to be provided, at that place or by that institution; and

13 The standard of proficiency.

(1) The General Council shall from time to time determine the standard of proficiency which, in its opinion, is required for the competent and safe practice of chiropractic.

(2) The Council shall publish a statement of the standard of proficiency determined by it under this section.

(3) If the Council at any time varies the standard so determined it shall publish a statement of the revised standard, accompanied by a statement of the differences between that standard and the standard as it was immediately before the revision.

(4) No variation of the standard shall have effect before the end of the period of one year beginning with the date on which the Council publishes the statements required by subsection (3) in connection with that variation.
14 Recognition of qualifications.

(1) For the purposes of this Act, a qualification is a “recognised qualification” if it is recognised by the General Council under this section.

(2) Where the General Council is satisfied that—
   
   (a) a qualification granted by an institution in the United Kingdom is evidence of having reached the required standard of proficiency, or
   
   (b) a qualification which such an institution proposes to grant will be evidence of having reached that standard,

   it may, with the approval of the Privy Council, recognise that qualification for the purposes of this Act.

(3) Where the General Council is satisfied that a qualification granted by an institution outside the United Kingdom is evidence of having reached the required standard of proficiency, or of reaching a comparable standard, it may, with the approval of the Privy Council, recognise that qualification for the purposes of this Act.

(4) The General Council may by rules—
   
   (a) impose additional conditions for registration, or
   
   (b) provide for any provision made by this Act in relation to conditions for registration to have effect subject to prescribed modifications,

   in the case of any application for registration based on a person’s holding a qualification which is recognised under subsection (3).

(5) The General Council shall maintain and publish a list of the qualifications which are for the time being recognised under this section.

(6) Before deciding whether or not to recognise a qualification under this section, the General Council shall consult the Education Committee.

(7) When requesting the approval of the Privy Council for the purposes of subsection (2) or (3), the General Council shall make available to the Privy Council—
   
   (a) the information provided to it by the Education Committee; or
   
   (b) where the Privy Council considers it appropriate, a summary of that information.

(8) The Privy Council shall have regard to the information made available to it under subsection (7) before deciding whether or not to give its approval.

(9) The General Council may by rules make provision requiring the Education Committee to publish a statement indicating—
   
   (a) matters on which the Committee will wish to be satisfied before advising the General Council to recognise a qualification under subsection (2); and
   
   (b) matters which may cause the Committee to advise the General Council not to recognise a qualification under subsection (2).

(10) Where, by virtue of EU law a person (“the chiropractor”) is to be authorised to practise the profession of chiropractic on the same conditions as a person who holds a recognised qualification—
   
   (a) the chiropractor shall be treated for the purposes of this Act as having a recognised qualification; but
   
   (b) the General Council may, subject to EU law, require him to satisfy specified additional conditions before being registered.
15 Recognition of qualifications: supplemental.

(1) A qualification may be recognised by the General Council under section 14—
(a) only in respect of awards of that qualification made after a specified date;
(b) only in respect of awards made before a specified date; or
(c) only in respect of awards made after a specified date but before a specified date.

(2) Any date specified under subsection (1) may be earlier than the date on which this Act is passed.

(3) Where the General Council recognises a qualification in one or other of the limited ways allowed for by subsection (1), the limitation shall be specified in the list issued by the Council under section 14(5).

(4) The General Council may, in recognising a qualification under section 14, direct that the qualification is to remain a recognised qualification only so long as such conditions as the General Council sees fit to impose are complied with in relation to the qualification.

(5) Any such condition may at any time be removed by the General Council.

(6) The General Council shall not exercise any of its functions under subsection (4) or (5) without the approval of the Privy Council.

(7) Any institution which is, or is likely to be, affected by a direction given by the General Council under subsection (4) shall be notified by the Council of the direction as soon as is reasonably practicable.

(8) Where an application is made by any institution for the recognition of a qualification under section 14, the General Council shall notify the institution of the result of its application as soon as is reasonably practicable after the Council determines the application.

(9) Where the General Council refuses such an application it shall, when notifying the institution concerned, give reasons for its refusal.

16 Withdrawal of recognition.

(1) Where, as a result of any visitor’s report or other information acquired by the Education Committee, the Committee is of the opinion—
(a) that a recognised qualification is no longer, or will no longer be, evidence of having reached the required standard of proficiency,
that a proposed qualification which has yet to be granted, but which was recognised by virtue of section 14(2)(b), will not be evidence of having reached that standard, or
(c) that a condition for the continued recognition of a qualification (imposed under section 15(4)) has not been complied with,

it shall refer the matter to the General Council.

(2) If the General Council is satisfied that the circumstances of the case are as mentioned in subsection (1)(a), (b) or (c) it may, with the approval of the Privy Council, direct that the qualification is no longer to be a recognised qualification for the purposes of this Act.

(3) A direction under subsection (2) shall have effect from the date of the direction or from such later date as may be specified in the direction.

(4) In considering any matter referred to it under subsection (1), the General Council shall have regard to the information on which the Education Committee formed its opinion together with any other relevant information which the Council may have.

(5) When requesting the approval of the Privy Council for the purposes of subsection (2), the General Council shall make available to the Privy Council the information to which it had regard under subsection (4).

(6) The Privy Council shall have regard to the information made available to it under subsection (5) before deciding whether or not to give its approval.

(7) Where the recognition of any qualification is withdrawn under this section, the General Council shall use its best endeavours to secure that any person who is studying for that qualification at any place, at the time when recognition is withdrawn, is given the opportunity to study at that or any other place for a qualification which is recognised.

(8) The withdrawal under this section of recognition from any qualification shall not affect the entitlement of any person to be registered by reference to an award of that qualification made to him before the date on which the direction withdrawing recognition had effect.

### Post registration training.

(1) The General Council may make rules requiring registered chiropractors to undertake [continuing professional development].

(2) The rules may, in particular, make provision with respect to registered chiropractors who fail to comply with any requirements of the rules, including provision for their registration to cease to have effect.

[Subsections (1) and (2), so far as relating to a person (“P”) who is a registered chiropractor only as a result of being registered with temporary registration, have effect subject to, respectively, subsections (2B) and (2C).]

(2B) Rules made under subsection (1)—
(a) may not impose requirements on P if P is required to undertake, in P’s home State, continuing professional development in relation to the profession of chiropractic; and
(b) where they impose requirements on P—
(i) shall take account of the fact that P is a fully qualified chiropractor in P’s home State, and
(ii) shall specify that continuing professional development which P is required to undertake by the requirements may be undertaken outside the United Kingdom.

(2C) Where rules make provision such as is mentioned in subsection (2), the rules must secure that any sanction imposed in relation to P by or under that provision is appropriate and proportionate in view of P’s continued lawful establishment as a chiropractor in P’s home State.

(2D) In this section “home State”, in relation to P, means the relevant European State in which P is lawfully established as a chiropractor.

(3) Before making, or varying, any rules under this section the General Council shall take such steps as are reasonably practicable to consult those who are registered chiropractors and such other persons as the Council considers appropriate.

Professional conduct and fitness to practise

19 The Code of Practice.

(1) The General Council shall prepare and from time to time publish a Code of Practice—
(a) laying down standards of conduct and practice expected of registered chiropractors; and
(b) giving advice in relation to the practice of chiropractic.

(2) It shall be the duty of the General Council to keep the Code under review and to vary its provisions whenever the Council considers it appropriate to do so.

(3) Before issuing the Code or varying it, the General Council shall consult such representatives of practising chiropractors as it considers appropriate.

(4) Where any person is alleged to have failed to comply with any provision of the Code, that failure—
(a) shall not be taken, of itself, to constitute unacceptable professional conduct on his part; but
(b) shall be taken into account in any proceedings against him under this Act.

(5) Any person who asks the General Council for a copy of the Code shall be entitled to have one on payment of such reasonable fee as the Council may determine.

(6) Subsection (5) is not to be taken as preventing the General Council from providing copies of the Code free of charge whenever it considers it appropriate.
(c) he has been convicted (at any time) in the United Kingdom of a criminal offence; or
(d) his ability to practise as a chiropractor is seriously impaired because of his physical or mental condition.

(2) In this Act conduct which falls short of the standard required of a registered chiropractor is referred to as “unacceptable professional conduct”.

(3) Where an allegation is made to the General Council, or to any of its committees (other than the Investigating Committee), it shall be the duty of the Council or committee to refer the allegation to the Investigating Committee.

(4) The General Council may make rules requiring any allegation which is made or referred to the Investigating Committee to be referred for preliminary consideration to a person appointed by the Council in accordance with the rules.

(5) Any rules made under subsection (4)—
   (a) may allow for the appointment of persons who are members of the General Council; but
   (b) may not allow for the appointment of the Registrar.

(6) Any person to whom an allegation is referred by the Investigating Committee in accordance with rules made under subsection (4) shall—
   (a) consider the allegation with a view to establishing whether, in his opinion, power is given by this Act to deal with it if it proves to be well founded; and
   (b) if he considers that such power is given, give the Investigating Committee a report of the result of his consideration.

(7) Where there are rules in force under subsection (4), the Investigating Committee shall investigate any allegation with respect to which it is given a report by a person appointed under the rules.

(8) Where there are no such rules in force, the Investigating Committee shall investigate any allegation which is made or referred to it.

(9) Where the Investigating Committee is required to investigate any allegation, it shall—
   (a) notify the registered chiropractor concerned of the allegation and invite him to give it his observations before the end of the period of 28 days beginning with the day on which notice of the allegation is sent to him;
   (b) take such steps as are reasonably practicable to obtain as much information as possible about the case; and
   (c) consider, in the light of the information which it has been able to obtain and any observations duly made to it by the registered chiropractor concerned, whether in its opinion there is a case to answer.

(10) The General Council shall by rules make provision as to the procedure to be followed by the Investigating Committee in any investigation carried out by it under this section.

(11) In the case of an allegation of a kind mentioned in subsection (1)(c), the Investigating Committee may conclude that there is no case to answer if it considers that the criminal offence in question has no material relevance to the fitness of the chiropractor concerned to practise chiropractic.

(12) Where the Investigating Committee concludes that there is a case to answer, it shall—
(a) notify both the chiropractor concerned and the person making the allegation of its conclusion; and

(3) The order shall specify the period of the suspension, which shall not exceed two months beginning with the date on which the order is made.

(4) The Committee shall not—

(6) A conditions of practice order shall cease to have effect—

(a) if a period is specified in the order, when that period ends;

(b) if no such period is specified but a test of competence is so specified, when the chiropractor concerned passes the test; or

(c) if both a period and a test are so specified, when the period ends or when the chiropractor concerned passes the test, whichever is the later to occur.

(13) In exercising its powers under subsection (7) or (9), the Committee shall ensure that the conditions imposed on the chiropractor concerned are, or the period of suspension imposed on him is, the minimum which it considers necessary for the protection of members of the public.
(14) The Committee shall, before the end of the period of twelve months beginning with the commencement of this section, and at least once in every succeeding period of twelve months, publish a report setting out—
   (a) the names of those chiropractors in respect of whom it has investigated allegations under this section and found the allegations to be well founded;
